Subject: line sharing

JUL - 2 2003
Federal Communications Commission
Office of the Secretary

SUNSHINE PERIOD

Please don't block Covad Communications from line sharing with the Baby bells. I'm a retired Navy man who has a considerable stake in Covad. What the FCC did in Feb.2003 really hurt me . I can't how giving the Baby bells all that control will help competition in the broadband sector.

Respectfully yours, William L. McElwee
